Description: Capacity building can carry many different meanings, but at its heart, it represents an investment aimed at strengthening effectiveness. This special collection gathers the experience and insights of foundations and nonprofits who have made just this kind of investment. The collection builds on topics explored in the new GrantCraft guide "[Supporting Grantee Capacity](#)", including approaches to field-building, working with technical assistance providers and consultants, and assessing the impact of capacity building initiatives.

Collection Themes: "Topics" - Advocacy & Communications Capacity; Assessing Impact; Field-Building; Funder Capacity & Collaborations; General Operating Support; Governance & Strategic Planning Capacity; Human Capital Capacity; Non-Monetary Support; Research & Evaluation Capacity; Technical Assistance Providers & Consultants
